Annual Report

SHOWING THE

Arkansas Business

FOR THE YEAR

1916

of All Insurance Companies, Associations and Fraternal
Orders Transacting Business in Arkansas.

Little Rock, Arkansas, March, 1917

The Legislature of 1917, through the passage of Act 190, created the office of Insurance Commissioner and Fire Marshal and separated this office from that of State Auditor, thus establishing an Insurance Department. Act 190 raises the taxes on premium receipts of Insurance Companies from one and one-half to two per cent and provides that this department shall make an investigation of incendiary fires, upon the request of certain officers, and report its findings to Prosecuting Attorneys, where the testimony taken would seem to warrant an indictment for the crime of arson. However, the evidence thus secured cannot be used in any action for civil damages that may arise between the insured and the company. Hereafter all schools and educational institutions are required to hold a fire drill at least once a month, and the exits from all public buildings must be kept unlocked when in use. It is the purpose of this department to co-operate in every possible manner with all of the agencies in the State, to the end that the fire hazard may be lessened, that dishonest and disreputable practices in all lines of insurance may be prevented, and we cordially invite the assistance of all in order that these things may be accomplished.

BRUCE T. BULLION,
Commissioner.
