Little Rock, Arkansas,  
May 8, 1930.

To His Excellency HARVEY PARNELL,  
Governor of Arkansas,  
Little Rock, Arkansas.

My dear Governor:

In accordance with the laws of this State, I take pleasure in submitting to you herewith the Forty-ninth Annual Report of the Arkansas Insurance Department containing statistical tables compiled from the Annual Statements as of December 31, 1929, of all insurance companies of every kind authorized to transact business in Arkansas and the receipts and expenses of this Department for the year 1929, together with report of other proceedings which will exhibit the affairs of this Department.

From a review of this report it is to be noted that the insurance business in Arkansas has again shown an increase over the year preceding.

Respectfully submitted,

W. E. FLOYD,

Commissioner

## FIRE MARSHAL DIVISION

JOHN L. CARTER, DEPUTY

---

Since July 1, 1929, the work of the State Fire Marshal has been conducted by Hon. John L. Carter, former Assistant Attorney General of Arkansas, with very gratifying results indeed. We have made some 60 investigations of fires which were thought to be, and in fact, had the earmarks of, incendiary fires, with a net result of 20 indictments and 8 convictions for terms ranging from one to ten years in the State penitentiary. However, we do not deem it necessary in this report to give a detailed description of the investigations made or of the convictions had.

We wish to take this occasion to express our appreciation of the splendid cooperation which we have received at the hands of the prosecuting attorneys, sheriffs, chiefs of police, fire chiefs and others, in the prosecution and investigation of incendiary fires throughout the State.

It has been impossible for us to examine into all the fires referred to this Department for investigation, due to two things: first, the lack of men necessary to make such investigations, and, second, the lack of funds with which to meet the necessary expenses incident to these investigations. Notwithstanding the handicap in this regard, and notwithstanding the fact that an arson case is one of the hardest cases to make in the entire list of criminal offenses since from the very nature of the case the evidence is almost always of a circumstantial nature, we have been able to accomplish the foregoing results within a period of ten months. Moreover, the loss ratio for fire insurance companies for the past twelve months has been greatly decreased over previous years, and I feel that we would be justified in recommending an increase in the appropriation for this Department to the end that it might function as was contemplated by the Act creating the office of State Fire Marshal. In making this recommendation, I feel that the increased results would be justified from an economic standpoint alone.
