BRIEF HISTORY OF INSURANCE REGULATIONS IN ARKANSAS

The work of the Insurance Department was formerly handled by the office of the Auditor of State. The "Insurance Bureau" was established in the Auditor's Office by act of the legislature on April 25, 1873. The Auditor was charged with the execution of the laws of the state, pertaining to insurance. During the first years of the Insurance Bureau's existence, there was an enormous growth of insurance companies. To handle this increase, a Deputy Insurance Commissioner, acting out of the Auditor's office, was given the active management and control of affairs relating to insurance by the provisions of Act 164, approved on April 7, 1911.

On account of the greatly increased volume of work, the General Assembly of 1917, by Act 190, approved March 7, 1917, separated the "Insurance Bureau" from the office of the State Auditor and created the Insurance Department. This Department was known as the Department of Insurance and Fire Prevention, as the Insurance Commissioner was also the Fire Marshal.

The organization of the Arkansas Insurance Department remained fairly constant until 1959 when the Arkansas Legislature adopted the model insurance code, with various amendments. This Code is presently in use and has been amended in recent years to allow the Insurance Department to keep abreast of the rapidly changing insurance business.

In 1967, the Arkansas Insurance Department was expanded to its present size and has operated with a staff of approximately 40 people to regulate the insurance industry in Arkansas.

Since the inception of the Insurance Department or Bureau, the Commissioners have been as follows:

SUMMARY OF THE ACTIVITIES OF THE ARKANSAS INSURANCE DEPARTMENT IN 1975

LEGAL DIVISION AND CONSUMER PROTECTION DIVISION

W. R. RANDY RIDDELL, Deputy Commissioner and Chief Counsel

The Legal Division is charged with the responsibility of representing the Commissioner in legal actions, providing opinions to the Commissioner and staff, drafting legislation and regulations, conducting all hearings, reviewing all filings required by statute, and overseeing the regulation of insurance holding companies. Additionally, the Legal Division provides legal counsel concerning insurance matters to other state agencies.

In 1975, the Legal Division continued interim legislative participation by presentation before and cooperation with the Legislature's committees and staff. The Division continued to prepare legislation for the 1977 Session of the General Assembly.

The Division represented the Commissioner in 140 quasi-judicial hearings on rate request filings, violations of the Arkansas Insurance Code by companies and agents, solvency of companies and other legal matters. The Division also represented the Commissioner and the State of Arkansas in numerous court cases in Circuit and Chancery Courts. The Legal Division drafted 3 Rules and Regulations concerning various insurance topics in 1975.

The Consumer Protection Division is headed by the Deputy Commissioner and Chief Counsel. The primary function of this Division is to solicit and take action on complaints from all segments of the public. This Division was organized during December, 1972, in order to improve the Insurance Department's ability to handle the consumer complaints and inquiries. Many of the complaints received by the Department can be resolved by correspondence and by telephone. However, field investigations are often made in cases where there is evidence that insurance laws of this State have been violated. The Department received approximately 7,151 complaints during 1975, concerning accident and health, life, property and casualty insurance.

In addition to processing complaints, the Consumer Protection Division has produced a number of consumer brochures designed to help the public in the field of insurance.

RATING DIVISION
PROPERTY AND CASUALTY INSURANCE

REVA FLETCHER, Assistant Commissioner

This Division of the Arkansas Insurance Department is charged with the duties of administration and enforcement of the Insurance Code as respects the regulation of property and casualty insurance.

In addition to handling some 11,090 written, telephone and personal inquiries during 1975, the major responsibilities of this section of the Department are divided into the following areas:

Rating: Under the Arkansas Insurance Code this Department is charged with the responsibility of regulating rates to the end that they shall not be excessive, inadequate or unfairly discriminatory. Every property and casualty company authorized to transact business in this state must file all rates and forms with this Department for prior approval or disapproval.

During the period January 1, 1975, through December 31, 1975, this Division processed 3,536 filings.

Financial Analysis: All companies are required to file a uniform financial statement as of December 31st each year. This statement must be audited and approved before the Company's license to transact business in Arkansas is renewed. 463 such annual statements were reviewed by this Division in 1975, as well as 90 examination reports of foreign companies licensed in this state.

Surplus Lines: If certain insurance coverages cannot be procured from authorized insurers, such coverages, designated as "surplus lines", may be procured from unauthorized insurers subject to certain conditions.

As of December 31, 1975, there were 38 companies authorized to write surplus lines coverage in this state with 42 licensed Surplus Line Brokers. For each policy written under this provision, the Broker must file with this office an affidavit showing the coverage written and the premium charged. 10,052 affidavits were filed during 1975 with a tax of $105,370.24 collected.

Admission of Companies: This Division reviewed applications of foreign or alien insurance companies. In reviewing these applications, the Department studied the financial management, sales practices and the history of the applicant companies. 26 applications were received and processed and 14 property and casualty companies were admitted to do business in Arkansas.

LICENSING OF INSURANCE AGENTS

LENITA BLASINGAME, License Supervisor

The responsibility for the licensing of insurance agents rests with the Insurance Department. In addition to supervising the licensing of resident agents, the Department also issues licenses to Non-Resident Brokers, Non-Resident Agents, Solicitors, Independent Adjusters, Resident Corporations and Partnerships, Vending Machines and Bail Bondsmen.

Before a resident individual can obtain a license, he must pass a written examination for the lines of insurance he will sell. The primary reason for the detailed examination and licensing process is to insure that Arkansas residents are served by agents who have a sound basic knowledge of their product and the insurance laws of this state. To accomplish this, our examinations are updated frequently. Tests are administered each Tuesday in Little Rock and once each month at test centers in El Dorado, Fort Smith and Jonesboro. When an individual has passed the qualifying examinations, he may be licensed by one or more companies to act as their agent.

Each year prior to May 1 for life insurers and June 1 for casualty insurers, the companies submit an alphabetical list of agents they wish to renew for the coming year, together with a renewal fee of $3.00 for each resident agent and a minimum fee of $10.00 for each non-resident agent. The Department audits the list for accuracy and returns an approved copy of such list to the company for their records.

There are more than 13,000 licensed resident agents in the State of Arkansas.

ACTUARIAL DIVISION, LIFE AND HEALTH INSURANCE

W. KEITH SLOAN, Actuary

The major routine activity of this Division is the review of policy forms submitted for approval or disapproval by the more than 700 companies writing life or health insurance in Arkansas. In 1975, more than 8,000 such forms were reviewed, an increase of approximately seven percent over 1974. In addition, this Division was assigned the responsibility for approval or disapproval of rates for health insurance beginning in April. During the part of the year remaining nearly 200 such rate filings were reviewed of which ten percent were disapproved. The Division also participates in the review of the financial condition of insurance companies and responded to nearly 1,000 inquiries and complaints from the general public

This Division also participates actively in the development of rules and regulations and during 1975 was involved in the development of four such documents.

Members of this Division also participated in the advisory committees which have been established for deferred compensation plans for state employees and for the state employees' life and health insurance plan.

EXAMINATION DIVISION

FRANKLIN SEFORD, Chief Examiner

The Examination Division examines domestic companies and prepares reports of such examinations that include: verification and valuation of assets, establishment of liabilities, preparation and audit of financial statements, checking companies' compliance with the Insurance Laws. The Examination Division also makes a detailed analysis of the annual statements of all domestic insurance companies and reviews the reports of examinations made by other states on foreign insurance companies that are authorized to conduct insurance business in Arkansas. This Division also attends hearings of domestic insurance companies and suggests to the Legal Department changes or additions to the Arkansas Insurance Code. The Examiners may also participate in Association Examinations of foreign insurance companies that are authorized to conduct the business of insurance in this state. The Examination Division is consulted by officers and attorneys of domestic companies regarding accounting practices, preparation of annual statements, and other administrative operations of such companies.

Senior Examiners are qualified to conduct examinations of all domestic insurance companies as the "Examiner-in-Charge" with Examiners of lower grades assisting in such examinations.

MAX MOORE, Chief Accountant

The Accounting Division maintains internal financial accounts for the Insurance Department, collects, verifies and processes all taxes and fees, computes Firemen's Relief and Pension Fund Tax turnback to cities and towns, compiles statistical data for various reports. The Financial Statement shows total collections of $15,264,794.17 in taxes and fees during the calendar year 1975 compared to collection of $13,869,780.16 during the calendar year 1974 or an increase of $1,395,014.01. The principal area of increase was in the volume of insurance written in the State resulting in the collection of additional Premium Tax. A nominal increase in fees was the result of examining and licensing of additional new agents.
