Arkansas Insurance Department

2009 Annual Report

Mike Beebe Governor

Jay Bradford Commissioner 1200 West Third Street, Little Rock, AR 72201-1904 1-501-371-2600, 1-800-282-9134, 1-501-371-2618 fax E-mail: insurance.administration@arkansas.gov Website: www.insurance.arkansas.gov

MIKE BEEBE GOVERNOR

JAY BRADFORD COMMISSIONER

Mission Statement

The purpose of the Arkansas Insurance Department is to serve and protect the public interest by the equitable enforcement of the state's laws and regulations affecting the insurance industry.

The primary mission of the Arkansas Insurance Department shall be consumer protection through insurer solvency and market conduct regulation, and fraud prosecution and deterrence.

A Message From the

It has now been two years since Governor Mike Beebe appointed me to serve as your Insurance Commissioner, and I can honestly say I continue to enjoy the challenges this position puts before me. This past year included the passage of the Patient Protection and Affordable Care Act (PPACA) in March which has meant the devotion of much staff time to ensure Arkansans receive the benefits they are due in this sweeping legislation.

One of the earliest changes to come as a result of PPACA was the formation of a new Pre-Existing Condition Insurance Plan. This new plan, administered by the Arkansas Comprehensive Health Insurance Pool (CHIP), is designed to provide health insurance to individuals with a pre-existing medical condition who have been without coverage for at least six months. As Commissioner, I appoint the members of the CHIP board and my staff assisted CHIP in applying for the grant which funds the program.

Speaking of grants, the Department applied for and received \$1 million during the year to enhance the review process for rate requests made by health insurers. The goal with this grant is to make the process more open and understandable to consumers. Promoted from Special Projects Director to Insurance Deputy Commissioner, Dr. Lowell Nicholas will lead the Department's efforts in making the rate review process for health insurance more transparent. We also received another million dollars in federal funds to begin the planning process for the health insurance exchanges which are slated to be up and running in 2014. Cynthia Crone, A.P.N., has been named as Planning Project Director for the Health Insurance Exchange.

While PPACA is federal legislation and establishes federal programs, as Commissioner I feel it is in the best interest of Arkansans that the resulting programs be administered at a state level. Who better understands the needs of Arkansas insurance consumers than other Arkansans? I am also certain these programs will continue to evolve.

The Department applied for (and received) a smaller grant which will expand our consumer assistance to Arkansans who have questions about the changing health insurance market and the effect these changes have on them. The grant award was \$325,549.

One of the major tasks of the Arkansas Insurance Department is to protect consumers by making sure insurance companies and agencies domiciled in the state are solvent and can pay any claims brought before them. To this end, we spent a great deal of time this past year investigating and taking action against an agent and company owner who we found to have potentially placed consumers in jeopardy. While this story garnered headlines, this is the type of monitoring by the Department which goes on every working day throughout the year.

I am proud to be a part of Governor Beebe's administration—a team that is dedicated to service to Arkansans. I especially relish the fact my staff works so diligently to protect Arkansas's insurance consumers. In 2009, the Consumer Services Division recovered \$14 million for consumers, an increase of over \$9 million from the previous year. The Risk Management Division was able to provide participating state agencies with a 50% discount for policy year July 1, 2009-2010. The Arkansas Multi-Agency Insurance Trust Fund which it administers has saved state government nearly \$20

million since its formation in 2003. These are just a few examples of ways the Arkansas Insurance Department is working for the citizens of Arkansas.

AUDITORS OF STATE

Ex-Officio Commissioners of Insurance

1873 - 1874	Stephen Wheeler	
1874 - 1877	W. R. Miller	
1877 - 1882	John Crawford	
1883 - 1886	A. W. Files	(Died in office. W. R. Miller was appointed to fulfill the unexpired term.)
1887 - 1892	W. S. Dunlap	
1893 - 1896	C. B. Miles	
1897 - 1900	Clay Sloan	
1901 - 1904	T. C. Monroe	
1905 - 1908	A. E. Moore	
1909 - 1912	John R. Jobe	
1912 - 1913	John N. Oathout	(Elected Auditor September 1912, died June 20,
		1913. L. L. Coffman appointed June 23, 1913.)
1913 - 1914	L. L. Coffman	(Resigned March 4, 1914. M. F. Dickinson was appointed to fulfill the unexpired term.)
1915 - 1916	M. F. Dickinson

Each of the 15 divisions of the Arkansas Insurance Department works collectively to ensure the Department's mission of consumer protection is fulfilled. This staff of more than 170 highly skilled and dedicated employees is committed to serving the citizens of Arkansas every working day.

The *Administration Division* oversees the overall operations of the Arkansas Insurance Department, establishes Department policy, handles all media inquiries, security, and coordinates consumer protection and outreach activities.

The *Accounting Division* collects and oversees fees and premium taxes from all insurance companies conducting business in the State of Arkansas. These fees not only fund the entire Arkansas Insurance Department (no monies are received from the state's General Revenue fund), but the taxes are also used to contribute to the Police and Firemen Pension funds and General Revenue.

Thousands of consumer cases are opened and closed each year by our *Consumer Services Division*, generating over \$14 million in collected funds for those consumers assisted by this division.

The *Criminal Investigation Division* receives hundreds of referrals of suspected fraud each year. This group of investigators, attorneys, and other personnel achieved a 100% conviction rate on those cases referred for prosecution.

The *Finance Division* ensures that companies remain solvent so that insurers can fulfill their obligation to pay legitimate claims when they become due.

The *Human Resources Division* is responsible for recruiting, hiring, payroll, employee benefits,

and employee training and continuing education.

The *Information Systems Division* keeps the Department operating effectively and efficiently in the ever-changing world of technology.

In addition to drafting insurance laws and participating in numerous investigations, the *Legal Division* works closely with every division within the Department.

The *License Division* issues licenses to more than 80,000 licensees allowing them to conduct insurance business in the State of Arkansas. It also ensures that necessary laws are followed regarding license renewals and continuing education.

The *Life and Health* and *Property and Casualty Divisions* review rate and form filings to verify that the filings conform to Arkansas law.

The *Liquidation Division* manages the day to day affairs of insolvent insurance companies and administers the Arkansas Life and Health and Property and Casualty Guaranty Funds.

The *Public Employee Claims Division* administers the workers' compensation program for state government.

The **Risk Management Division** was established to minimize the cost of insurance and surety bonding to state agencies, and to analyze and make recommendations on loss control and safety programs in an effort to protect state assets.

The Senior Health Insurance Information Program (SHIIP) provides counseling and assistance to Medicare recipients and education on other types of insurance and public benefits that coordinate with Medicare coverage.

The Arkansas Insurance Department is a dedicated funding agency, meaning that it derives none of its operating revenue from either premium tax collections or general revenue. The agency is funded by fees and assessments imposed on entities regulated by the Department. The Department's annual operating expenses are approximately \$11.5 million dollars.

Tax Collection

The Accounting Division audits financial statements filed with the Department to ensure that appropriate taxes have been submitted. A total of \$196,138,029.89 was collected by the Department in 2009, with \$154.3 million of this amount being premium taxes. Of

that amount, \$98.4 million was directed to General Revenue, \$46 million to Police and Fire Pension Funds and \$9.9 million to Fire Protection.

The division processes premium tax filings from each company licensed in Arkansas. All premium tax forms and information on electronic fund transfers are available on the Department's website at www.insurance. arkansas.gov.

Other Functions

This division handles all purchasing and accounts payable for the Department, as well as the development of biennium budgets.

The Consumer Services Division (CSD) is designed to assist insurance consumers with complaints and inquiries regarding insurance companies, agents, and adjusters. CSD investigates all complaints, working with the insurance company and the consumer to determine the appropriate course of action.

CSD travels statewide to provide educational information and materials to various community groups, fairs, expos, and shows. In addition, they attend Dislocated Worker Workshops following plant closings or layoffs to assist the workers with their insurance questions and concerns.

In the event of significant storm damage or catastrophic events, CSD travels to the damaged areas to assist homeowners with filing claims and procuring emergency living expenses from their insurers, as well as any other insurance related issues.

Brochures Available

CSD has a large selection of educational brochures which can be viewed and downloaded from our website at:

www.insurance.arkansas.gov

2009 Calendar Year Highlights

- ► Assisted Arkansas consumers in collecting \$14,006,232.
- ► Received 2,864 consumer complaints.
- ► Closed 3,164 consumer complaint files.
- ► Responded to 19,207 telephone inquiries and assisted 299 walk-in consumers.
- ► Participated in 130 dislocated worker workshops and 28 expos and health fairs throughout the state.

The Criminal Investigation Division (CID) investigates and prosecutes all categories of insurance fraud. CID carries out its statutory mandate by receiving referrals from various sources, including insurance companies, employers, employees, agents, and interested citizens. It then conducts investigations to determine whether there have been criminal violations of the law. Investigations that result in a finding of a criminal violation are referred to the appropriate prosecuting attorney's office.

CID has full police powers as well as the power to issue subpoenas, compel the production of documents, and administer oaths. Division attorneys are authorized to be appointed as special deputy prosecuting attorneys. In addition to its enforcement activities, this division engages in publicity efforts to deter insurance fraud.

Fraud Referrals

CID has established a toll-free 24-hour hot line. A suspected case of insurance fraud may be reported anytime by calling the toll-free number 1-866-660-0888. Suspected fraud may also be reported by completing the national NAIC Online Reporting Form or by mailing or faxing CID a copy of the Uniform Suspected Insurance Fraud Reporting Form which is available at:

www.fightfraud.arkansas.gov

- ► Referred 37 cases for prosecution.
- Experienced a 100% conviction rate with 32 successful prosecutions.
- ► Fines and restitution totaling \$11,850 and \$343,842 respectively were imposed, with varying terms of incarceration and probation.

The primary goal of the Finance Division is to protect insurance consumers through effective solvency regulation, thereby fulfilling the core mission of the Arkansas Insurance Department (AID).

Examinations

Financial and market conduct examinations are performed on all Arkansas domestic companies by the AID's Finance Division. When appropriate, as determined by the Arkansas Insurance Commissioner, zone examinations are conducted on foreign insurance companies.

A team of professionals, including an attorney, an examiner-in-charge, a financial

analyst, a chieffinancial examiner, and additional examiners as needed, conduct examinations. The approach of utilizing relevant Department members in the examination process has proven to be efficient in this important step of financial solvency regulation.

Financial and/or market conduct examinations were conducted on the following companies during the calendar year 2009:

- American Service Life Ins. Co.
- Arkansas Bankers Life Ins. Co.
- Capitol Life & Accident Ins. Co.
- Co-Operative Life Ins. Co.
- Direct National Ins. Co.
- HMO Partners, Inc.

- Memorial Ins. Co. of America
- Ouachita Life Ins. Co.
- Union Life Ins. Co.
- United Healthcare of AR, Inc.
- Vantapro Specialty Ins. Co.

Domestic and Foreign Insurance Companies

The following list represents a breakdown of domestic and foreign companies conducting business in the State of Arkansas as of December 31, 2009:

Domestic Foreign

Life & Health	31	494
Property & Casualty	12	872
Farmers Mutual Aid Assn.	10	0
Health Maint. Org. (HMOs	6)	4
Title Insurance	2	21
Hospital & Medical Serv.	1	0
Fraternal	0	15
Captive	1	0
Risk Retention Groups	0	75
Totals	63	1,481

Financial Analysis

The Finance Division of the AID monitors the solvency and operations of insurance companies conducting business in the state. On a quarterly basis, financial analysts perform analyses and reviews of the financial statements filed by all Arkansas domestic

insurance companies. In addition, the financial analysts review other financial information and reports filed by insurance entities, such as business plans, reinsurance agreements, merger and acquisition documents, company formation documents, market research, and feasibility studies. This in-depth analysis of financial statements and other information is performed in order to assess the financial position of the companies and evaluate operations to determine whether each company meets Arkansas's standards. The analysts also monitor the financial condition and performance of non-domestic insurance companies doing business in the state.

Insurance companies conducting business in the State of Arkansas are required to file annual financial statements with the AID. These statements can be viewed on the National Association of Insurance Commissioners' (NAIC) website at www.naic.org/cis/.

Prepaid Funeral Benefits Contracts

Ark. Code Ann. § 23-40-101 et al. provides for the review of prepaid funeral contracts. This review process includes examination of active and matured prepaid funeral contracts, on-site financial examinations of the licensees' trust funds and custodial accounts, review of licensees' annual

reports, and written and oral responses to consumers' inquiries and complaints.

A total of 187 funeral homes were issued licenses to sell and/or offer for sale prepaid funeral benefit contracts within the State of Arkansas as of June 30, 2009. Prior to licensing, the organizations' net worth and outstanding and unfulfilled contracts were reviewed for accuracy and authenticity.

A total of 68 on-site trust fund and insurance financial examinations were performed during the calendar year 2009 by the section's financial examiners.

Security Deposits

Held in trust by approved Arkansas trustees, security deposits are handled by the Securities Administrator in the AID's Finance Division.

Deposits are maintained for the benefit and protection of policyholders and creditors in the State of Arkansas and are mandated by the Arkansas Insurance Code. Security deposits held in fiscal year 2009 are reflected below:

Foreign Insurers \$249,667,000.00

Domestic Insurer 36,259,000.00

Total \$285,926,000.00

The Finance Division is responsible for fulfilling the Arkansas Insurance Department's core mission of consumer protection through financial solvency regulation.

Leveraging Technology for Insurance Regulation

In an age where insurance operations and services are highly computerized, information technology is essential to providing insurance regulatory services. High quality regulatory services at the lowest price require a professional information technology staff that is capable of identifying, implementing, and operating core systems and technologies which are both advanced in capability and relatively low in cost. The Arkansas Insurance Department (AID) is proud of its information technology (IT) group and its contribution to Arkansas insurance regulation. It is largely through its technology efforts over the past twelve years that the Department has been able to address a dramatic growth in the regulatory workload with a comparatively small growth in the size of the Department staff, without sacrificing regulatory services. Further, this has been accomplished without the huge technology system and service contracts that are commonly part of modern information technology operations.

"Servers" are the computers that constitute the heart of the AID's IT operations. These computers host the large computer applications and databases that are shared by the various divisions of the AID. For most of its servers the IT group uses virtual machine technology to satisfy this need. In the past, every server needed its own separate computer hardware. If the server software or hardware failed, many hours were required to reload the software. In the event of hardware failure, even more time was required to obtain and configure new hardware before the software reload could be started. With virtual machine technology a server is an independent software image that typically shares a hardware host environment with one or more other servers. An image of each server is maintained on centralized storage and can be rapidly loaded onto one of multiple hardware environments that share the central storage. Again, each of these hardware environments can host and run a number of individual servers at any one time. Virtual machine technology allows the IT group to rapidly increase the number of servers whenever needed to

recover from server failure in a fraction of the time previously required, and to maintain and support the server configuration without increasing the size of its systems staff. In turn, this capability allows the other divisions of the AID to leverage additional servers instead of increased staff wherever such a trade-off is possible. This is just one example of the AID's IT management approach of employing IT that is relatively low in cost but that in comparison to other technologies enables its staff to be highly productive. Other examples of this approach are low-cost mobile devices that increase the regulatory staff's productivity while traveling, and the gradual move to low cost thin client hardware that is reducing the downtime of the regulatory staff while saving money on the cost of their workstations. This approach is highly "green" in that it requires less power to operate, reduces the amount of computer hardware, reduces the cost of purchase and recovery, can undergo a server expansion with a relatively low increase in staff support compared to the use of standalone servers, and lessens the purchase and maintenance

costs of workstations. Servers not only support the Insurance Department staff, but they also support public and industry use of Insurance Department online services. These services are provided through the Insurance Department website. An IT group goal is to empower the non-IT staff to directly leverage technology wherever it can, and the benefits of this are best seen in the Department website, where most of the design is done by non-IT staff with implementation support being provided by the IT group. However, major functional implementations such as agent searches are developed by IT or a collaborating IT group.

In addition to systems and software implementations, the members of the IT group also provide direct support to Department regulatory staff in their day-to-day use of computer workstations and software. IT support ranges in complexity from assistance in using a software application to development of special software.

Acting as legal counsel for the Arkansas Insurance Commissioner is the primary responsibility of the Arkansas Insurance Department's (AID) Legal Division. In this capacity, the Legal Division offers counsel and advice, conducts research, and represents the Commissioner or staff in lawsuits or other proceedings.

Other duties of this division include drafting legislation, rules, bulletins, directives, legal opinions, and conducting consumer complaint investigations.

Assistance with the adoption of reports of financial examinations on Arkansas domestic HMOs and farmers' mutual aid associations is another function of the AID Legal Division.

The Legal Division also maintains the corporate records of insurers, including name and address changes, and domestication status. Division attorneys represent the Insurance Department in administrative hearings and court appeals pertaining to licensees' alleged insurance code or rule violations

2008 Summary of Activity

- 201 Investigations Initiated
- 242 Investigations Closed
- **Orders Issued**
 - 7 Cease and Desist
 - 21 Insurance Producer Suspension and Revocation (Consent)
 - 33 Agent Consent
 - 2 Agent Denial
 - 14 Emergency License Suspension
 - 13 Examination Adoption
- Collected \$7,565 in Restitution for Arkansas Consumers
- Collected \$89,600 in Fines and Penalties
- ► Collected \$958,837 in Recoveries

and insurance company acquisitions, mergers, reinsurance agreements, and similar transactions.

During 2009, the Legal Division:

The License Division is responsible for licensing resident and nonresident producers (agents), resident title producers and business entities (agencies) that are soliciting or selling insurance in the State of Arkansas. The division licenses individuals and business entities as producers, adjusters, consultants, surplus lines producers, title insurance agents, third party administrators, and both viatical/life settlement providers and brokers. All licenses are renewed annually on the date of birth of the individual, and agencies are renewed on October 1st each year. Arkansas requires insurance companies to appoint both individuals and business entities that will be selling for the company. All company appointments are renewed on June 1st of each year.

The division is responsible for the approval of pre-licensing and continuing education courses, instructors, and providers, and has the responsibility for overseeing the administration of resident producer examinations. The division conducts a criminal background record review on all new resident applicants prior to approval for an examination for licensure.

All license forms can be accessed on the division website. The site also provides search engines for producer information, which includes license information and current continuing education status. In addition, the website provides information on continuing and pre-licensing education providers, with

additional information on courses and instructors.

Currently, the Arkansas Insurance Department oversees 74,606 licensees with approximately 292,498 active appointments, all of which are renewed annually. The Department accepts non-resident electronic appointments and appointment terminations, electronic non-resident applications, electronic license renewals and electronic affiliations of agents to business entities.

License Division Transactions

In 2009 the License Division processed (on average):

- 14,000 New Applications for License
- 3,000 Agency Affiliations
- 30,000 New Appointments
- 20,000 Address Changes
- 34,000 Continuing Education Course Completions
- 8,000 Walk-ins
- 100,000 Telephone Inquiries

While a few items are limited to paper transactions, the Department expects to convert more services to electronic format to provide licensees and appointees with faster service. Our website continues to expand to provide more information to our licensed producers, business entities, insurers, and interested parties.

Deputy Commissioner	Dan Honey
Life & Health Compliance Officer	Linda Bird
	Stephanie Fowler
	J. Harris Shearer
Administrative Specialist III	Jennifer Newkirk

Charged with regulating life and health insurance in the State of Arkansas, the Life and Health Division is responsible for the review and approval of forms, rates, and advertising. During the approval process, contracts are examined for the appropriate level of content and clarity.

This division must approve premiums for individual health policies and must ensure that benefits on health policies provide an acceptable relationship to the premiums charged.

The Life and Health Division reviews contracts for guaranteed interest policies, including life and annuity and variable contracts. Additionally, the division reviews equity-indexed annuities, funeral insurance, credit life and disability, individual, and group health plans.

Also reviewed by the Life and Health Division are long term care, Medicare supplements, and supplemental benefits contracts, as well as contracts for health maintenance organizations (HMOs).

Policy Issues

The insurance industry continues to experience changes regarding long-term care, group health insurance, and Medicare (Medigap) policies. These actions trigger changes within insurance companies that are often addressed by the Insurance Department.

Forms Filed

The following chart represents life and health forms filed for calendar years 2005-2009.

1023 W. Capitol Ave., Suite 2, Little Rock, AR 72201 Phone: (501) 371-2776, Fax: (501) 371-2774 E-mail: insurance.liquidation@arkansas.gov

Deputy Receiver	Steve Uhrynowycz
Assistant Administrator	Cindy Furrer
Administrative Assistant	Marilyn Brenning
Bookkeeper	Arlene Hughes
Workers' Compensation Adjuster	Jeannie Roberts
Claims Assistant/Receptionist	. Sandra Seymour

The Liquidation Division, on behalf of the Insurance Commissioner as Receiver, manages the day to day affairs of insolvent insurance company estates and insolvent prepaid funeral benefit trusts. Although the Liquidation Division performs certain functions on behalf of the Arkansas Insurance Commissioner, individuals employed with this division are not employed by the State of Arkansas and are not considered state employees. Additionally, the Liquidation Division does not receive any funding from the State of Arkansas.

During 2009, the division was responsible for the management of six domestic insurance company receiverships, two prepaid funeral benefit trusts, and eighteen ancillary insurance company receivership estates.

Domestic Insurance Companies

- American Investors Life Ins. Co.
- Cosmopolitan Ins. Co.
- Imerica Life and Health Ins. Co.
- Old Southwest Life Ins. Co.
- Signature Life Ins. Co. of America
- Wonder State Life Ins. Co.

Prepaid Funeral Benefit Trust

- Miller-Elston Mortuary, Inc.
- Rumph-Owers Mortuary, Inc.

Ancillary Insurance Receiverships

- American Fidelity Fire Ins. Co.
- American Health Care Providers, Inc.
- AM Mutual Ins. Co. of Boston
- American Mutual Liability Ins. Co.
- Carriers Ins. Co.
- Cotton Belt Ins. Co.
- Excalibur Ins. Co.
- Great Global Ins. Co.
- Ideal Mutual Ins. Co.
- Midland Ins. Co.
- Mission Ins. Co., Inc.
- Mission National Ins. Co.
- Reliance Ins. Co.
- Rockwood Ins. Co.
- Southwestern National Ins. Co.
- Standard Fire Ins. Co.

- Union Indemnity Ins. Co.
- Western Employers Ins. Co.

Property & Casualty Guaranty Fund

The division also administers the Arkansas Property and Casualty Guaranty Fund (APCGF), which provides benefits to Arkansas insureds and claimants of insolvent property and casualty insurance companies.

During 2009, APCGF, as appropriate, paid over \$610,107 to adjust, settle or litigate claims involving the fourteen non-domestic insurance company receiverships listed below and recovered over \$1,500,349.

- American Mutual Liability Ins. Co.
- California Compensation Ins. Co.
- Casualty Reciprocal Exchange
- Colonial Casualty Ins. Co.
- Commercial Compensation Ins. Co.
- Cotton Belt Ins. Co.
- Equity Mutual Ins. Co.
- Fremont Indemnity Ins. Co.
- Home Ins. Co.
- Legion Ins. Co.
- PHICO Ins. Co.
- Reciprocal of America
- Reliance Ins. Co.
- Rockwood Ins. Co.

Life & Health Insurance Guaranty Association

Finally, the division administers the Arkansas Life and Health Insurance Guaranty Association (ALHIGA), which does for life and health insurance insureds and claimants of Arkansas what APCGF does for property and casualty insureds and claimants. During 2009, ALHIGA provided benefits to Arkansas insureds and claimants totaling more than \$1,514,981, and recovered over \$252,907, as a result of the following five domestic and non-domestic insurance company receiverships.

- American Investors Life Ins. Co.
- Benicorp Ins. Co.
- Executive Life Ins. Co.
- Lincoln Memorial Life Ins. Co.
- Wonder State Life Ins. Co.

The primary focus of the Property and Casualty Division is to monitor and regulate rate and form activities of insurance companies conducting business in the State of Arkansas. With limited exceptions, property and casualty insurance companies transacting business in Arkansas are required to submit rate and form filings to this division for review.

The approval process includes a thorough review to ensure all forms are in compliance with state law. For most lines of insurance, Arkansas is considered a "competitive rating state" and, as such, requests for rate changes are effective 20 days after they are filed unless those changes are excessive, inadequate, or unfairly discriminatory.

During 2009, the division, prior to their use in the market place, processed 6,861 filings composed of reviews of 31,459 insurance policy forms and 2,755 rate and rule actions. Forms reviewed were 9% lower than in 2008 and 13% higher than in 2007. Rate and rule filings were up 16% from 2008 and increased 18% over 2007. Form filings were down 15% over 2008 and up 4% over 2007. Total filings were down 5% over 2008 and up 9% over 2007.

With continued heavy demand by insurers on the reviewers, the increased use of automated filings systems makes it possible to manage the productivity required of each analyst while allowing for thorough reviews and analysis of each filings. During 2009 almost 98% of all rate and form filings made with the division were in electronic format. Almost 89% of all filings paid the associated filing fees by electronic transfer further reducing the amount of manual handling of funds by the division.

Consumer Complaints

The Property and Casualty Division works closely with the Consumer Services Division in the handling of complaints concerning coverage or rating issues. The division handles all workers' compensation complaints.

Major Projects

The division participates in many major projects, including updating of on-line access to rate and form information, review of procedures to improve responsiveness to consumers and insurers, and use of the Product Requirements Locator so that insurers have access to the most recent filing requirements to improve and shorten the review process. The division is in the forefront of national efforts to improve among the states uniformity of rate and form review standards by designing review forms that are used nationally.

Personal Lines

The primary goals of the personal lines review process are to promote competition, provide timely and accurate review of all personal insurance products, and to ensure rates are not excessive, inadequate, or unfairly discriminatory. All forms are approved prior to use.

2004 was the first year insurance companies' use of consumer credit was subject to regulation by Act 1452 of 2003. Results of the increased regulation imposed by the Act were first available in 2005. The 2009 report based upon 2008 year data indicated that approximately 42% of insureds in Arkansas received a decrease in premium from the use of consumer credit,

approximately 13% received a premium increase, and the premiums for the remainder of insureds were unaffected by the use of consumer credit.

2009 was the sixth year the Fire Loss Reporting Act of 2003 was filed by insurers. The data in the aggregate indicates there is no apparent link between fire losses and either the population of a county or the number of residences it contains. The full report is available on our website.

Commercial Lines

Arkansas is one of several states operating under a deregulated commercial lines law. This law created a "large commercial risks" class of insureds and exempted from review certain commercial insurance products. This law does not apply to workers' compensation, employer's liability, or professional liability products.

Liability

2009 was the sixth year for the Commissioner's report on the condition of the medical malpractice market in Arkansas required by Act 1007 of 2003. The report concludes the market may have achieved rate adequacy and that its performance is nearing that of other commercial liability lines although still measurably worse. The reforms may be having an impact as there are more insurers writing business. The report expresses a concern that repeal of the Act will make Arkansas less attractive as a market for medical malpractice insurance. The full report is available on our website.

Title Insurance and Title Insurance Agents

Act 684 of 2007 transferred licensing authority for title insurance agents to the Department effective January 1, 2008. The title insurance coordinator is responsible for resolving licensing issues, investigations of title insurers

and their agents, reviewing policy forms used by title agents and their companies, and investigating consumer complaints against title agents and insurers.

Workers' Compensation

The rate filings for 2009 saw the Arkansas workers' compensation market continue to improve, as it did in most other states. Companies continued to relax or maintain their underwriting guidelines which results in small premium decreases in the assigned risk plan. The combined loss ratio in Arkansas was 80% for 2008, which was one of the lowest of all the states for which the statistical agent, National Council of Compensation Insurance, compiles statistics. Our combined loss ratio continues to decline. Indications are this trend should continue.

Our assigned risk plan continued to be self-supporting and there was no assessment required. At the close of 2009, the premium in the plan was \$11,236,985, down 20% from the end of 2008.

Workers' Compensation Rates

Unlike most other property and casualty rates, workers' compensation rates must be approved prior to use. For 2009, workers' compensation voluntary loss costs declined by 7% and assigned risk plan rates showed a decrease of 6.4%.

Annually, the Commissioner issues a detailed report of the state of the workers' compensation market, a requirement of Act 796 of 1993. The report reflects the continued improvements being made in workplace safety, loss prevention, and decreases in claims severity. The full report is available on our website.

Earthquake Insurance Market Assistance Program

In 1999, Act 1343 created the Market Assistance Program (MAP) to assist consumers in obtaining earth-

quake coverage. The program has been successful and writes more than 8,000 policies for Arkansas residents who are unable to obtain coverage through traditional homeowners policies. The Act also established an Earthquake Authority Board that has the authority to issue earthquake coverage if the MAP is unable to provide sufficient coverage.

Assigned Risk Insurance Pools

The Property and Casualty Division oversees the operations of the assigned risk or residual market insurance pools. Assigned risk plans are available for workers' compensation and automobile insurance. When coverage is not available in the voluntary market, the Arkansas Rural Risk Underwriting Association provides fire insurance coverage for structures located in rural areas identified as Class 9 and 10.

Automobile Assigned Risk

The number of agents writing automobile insurance through the assigned risk plan continues to decrease, due primarily to the large number of carriers willing to write non-standard auto risks. Application volume continues to remain very low. During 2009 there was one commercial auto policy assignment and two private passenger auto policies assignments made through the plan.

Professional Employer Organizations

A professional employer organization (PEO) is any person or legal entity engaged in the business of providing professional employer services by entering into a co-employment relationship with at least a majority of the employees of a client, or with a division or work unit of a client, for its covered employees. The arrangement is intended to be, or is, ongoing rather than temporary in nature and employer responsibilities, including the right of direction and control of the employees, are shared by the PEO and its clients.

The Public Employee Claims Division (PECD) is responsible for the investigation and management of more than 3,600 workers' compensation claims filed each year for Arkansas state employees.

Workers' compensation coverage is also provided for emergency service volunteers who are accidentally injured while performing services under the call and supervision of the State of Arkansas or its political subdivisions.

During calendar year 2009, PECD received 3,603 claims. A total of 1,091 lost-time claims remained open at the end of this same period, with the division receiving approximately 243 active medical-only claims each month.

Workers' Compensation Funding

Expenditures for the workers' compensation claims disbursed by PECD come from three sources: the premiums paid by state agencies; general revenue fund reimbursement from school aid funds; and from general revenues for the payment of claims for city and county employees administered by this division. A total of \$11.07 million for state claims was disbursed by PECD for calendar year 2009.

Claims Management

PECD manages workers' compensation claims for state employees with a staff of 24, including ten personnel devoted to the investigation, determination,

and management of claims. The remaining staff consists of support and legal personnel.

Claims specialists provide technical assistance, including workshop sessions, to public employers and employees, in addition to performing their primary claims management duties.

Return to Work Program

The division, with assistance from Arkansas Rehabilitation Services, is encouraging state agencies to adopt Integrated Disability Management plans. The program's goal is to prevent and reduce injury risks and illness by mitigating damages associated with these issues and by retaining job productivity. PECD personnel give presentations to several audiences each year. Modified work or early return to work has been adopted by some agencies with good results.

Safety Program

The division continues to encourage state agencies to implement safety programs. With the cooperation of state agencies, we hope to be able to reduce the number of injuries suffered by state employees. The prevention of injuries helps in three areas: 1) improves the quality of life of employees; 2) helps agencies with staffing issues; and 3) reduces workers' compensation costs for the taxpayers of the State of Arkansas.

The Risk Management Division was established to minimize the cost of insurance and surety bonding to state agencies and to analyze and make recommendations on loss control and safety programs in an effort to protect state assets.

Effective February 2004, the Risk Management Division assumed the responsibility of providing insurance coverage, consulting, and loss control services to public schools that choose to participate in the Public School Property and Vehicle Insurance Trust Fund.

The division is staffed with professionals who deal with the entire spectrum of the highly technical and complex areas of risk management and insurance. The knowledge and skills of the division staff have brought a high level of success to the programs managed by the division.

Extensive knowledge of governmental operations allows the Risk Management staff to provide consultant services as well as insurance and loss control expertise at a minimal cost to taxpayers. State agencies and schools receive this service at no cost to their individual budgets.

Property inspections and appraisals are conducted on approximately 5,500 state owned and leased structures and 2,500 school district structures with insured values of \$10.5 billion. Insurance contracts provide multi-peril coverage, including limited earthquake and flood.

The emphasis on loss control by the Risk Management staff, coupled with the cooperation of state agencies, has proven to be successful as preventable losses have been greatly reduced. Rates are substantially lower than in the years preceding the establishment of the Risk Management Division. Although in past years the school property program experienced substantial losses from arson and wind storms, premiums have remained stable. Premium rates for all participating schools have decreased since the transfer of the program to the Insurance Department.

The division secures property, commercial auto,

aircraft, fine arts, inland marine, and specialty lines insurance coverage for state agencies and schools. Act 1762 of 2003, which created the Arkansas Multi-Agency Insurance Trust Fund (AMAIT), has allowed the division to be more innovative in seeking premium savings for participating state agencies. State agencies received a 40% discount in premium for policy year 7/01/08-09, a 50% discount for policy year 7/01/09-10, and will receive a 25% discount for 7/01/2010-11. Savings to state government since the formation of AMAIT now approach \$20 million.

The division also provides staffing for the Arkansas Governmental Bonding Board's Trust Fund. This self-funded program, established in 1987, provides fidelity bond coverage for over 135,000 employees of state, county, and municipal governments, as well as public school districts in Arkansas. The Fidelity Bond Program has been a phenomenal success, with the estimated savings to the state of \$300,000 per year. For two of the past four renewals, the Fidelity Bond Board chose to waive premiums for all participants.

A vehicle safety program covering 5,500 state vehicles has been in effect for many years, resulting in improved loss ratios. The program involves record keeping and driver information which is accessible on the DFA-Driver Services website. This program has proven to be invaluable to agency personnel assigned the task of maintaining driver information. The goal is to more closely monitor state drivers which will result in fewer and less severe accidents. These changes should yield a premium savings on the state's commercial fleet. The division now offers an on-site advanced defensive driver training at no cost to state agencies and participating schools. The division also manages the public school vehicle program that insures another 5,000 vehicles.

The activities of the Risk Management Division continue to evolve as the staff seeks to provide consultation, risk management, appraisal, and insurance services to public schools and state government. The ultimate goal is to continually provide top quality, professional service while saving taxpayer dollars.

Medicare Benefits Counselors	
	Kimberly Landreth

The Senior Health Insurance Information Program (SHIIP) provides Medicare counseling and assistance to Medicare beneficiaries and their caregivers. SHIIP operates a toll-free phone line (1-800-224-6330) which serves as the main contact for the majority of Medicare beneficiaries. SHIIP explains Medicare benefits and discusses how other insurance coordinates with Medicare coverage in individual and group settings.

The SHIIP staff attends community functions and supplies program information to the public, governmental agencies, and other interested parties. SHIIP educates Arkansans through presentations at health fairs, senior days, and numerous speaking engagements.

SHIIP publishes information booklets on the twelve standard Medicare Supplement

Plans and long-term care insurance. SHIIP helps Medicare beneficiaries with the Medicare Prescription Drug Plan Finder to narrow prescription drug plan options and complete enrollment applications.

SHIIP assists Medicare beneficiaries with applications for subsidy programs like Medicare Savings Program and Extra Help. Arkansas Medicaid administers the Medicare Savings

Program and pays Medicare Part B deductible and cost sharing based on eligibility. The Social Security Administration manages the Extra Help program and pays costs associated with Medicare Prescription Drug coverage like deductibles, copayments, and coinsurance based on eligibility.

SHIIP partners with local organizations. SHIIP provides Medicare training to partner organizations and adult volunteers as well. Training sessions are available throughout the state. Contact SHIIP for more information about becoming a partner organization or volunteer.
