The Honorable Asa Hutchinson

Dear Governor:

I am pleased to present you the 2016 Annual Report of the Arkansas Insurance Department pursuant to Ark. Code Ann. § 23-61-112. The report summarizes the activities of the Department for the calendar year ending December 31, 2016.

In addition to the required disclosures and listings required by statute, this report highlights the work of the Department in fulfilling its primary mission of consumer protection and regulating industry.

Sincerely,

Allen Kerr
Arkansas Insurance Commissioner

MESSAGE FROM THE COMMISSIONER

Commissioner Allen Kerr

It is my honor to present my second Annual Report of the Arkansas Insurance Department (AID) covering the year 2016—my second year serving as your Commissioner.

Since I have taken office, the Department has increased its efficiency by reducing staff 15%. Our efficiency is further demonstrated by the fact our annual budget represents only 5% of the \$263.2 million in receipts we collected in FY2016.

Recently, the Department was able to transfer an additional \$29.2 million to the state's General Revenue Fund.

We have also grown the insurance industry in Arkansas, increasing the amount of premium by an additional \$1 billion in 2016 on top of the \$646 million increase we saw in 2015.

I hope that, upon review of the information contained in our Annual Report, you will agree the Arkansas Insurance Department is encouraging new business in our state while honoring our charge to advocate on behalf of the hardworking Arkansas taxpayers who buy insurance products. I salute the professional staff who are doing an excellent job on behalf of their fellow Arkansans.

INSURANCE DEPARTMENT HISTORY

**AID's
First Commissioner
Bruce T. Bullion
1917-1924**

The work of the Insurance Department was formerly placed by law in the office of the Auditor of State. The "Insurance Bureau" was established in the Auditor's office by the Act of April 25, 1873, the Auditor being charged by same with the execution of the laws of the state relating to insurance.

The General Assembly of 1917, by Act No. 190, approved March 7, 1917, on account of the greatly increased volume of work required to be done by the insurance department, separated same from the office of the Auditor of State and created the State Insurance Department headed by the State Insurance Commissioner appointed by the Governor with the consent of the Senate.

ARKANSAS INSURANCE DEPARTMENT ORGANIZATIONAL CHART

AID LEADERSHIP, DIVISIONS, AND PROGRAMS

ADMINISTRATION

The Administration Division oversees the overall operations of the Arkansas Insurance Department (AID), establishes Department policy, handles media inquiries, security, and coordinates consumer protection and outreach activities. Each of the divisions work collectively to ensure the Department's mission of consumer protection is fulfilled. Its staff of approximately 160 highly-skilled and dedicated employees is committed to serving hardworking Arkansas consumers everyday.

ACCOUNTING

The Accounting Division collects and oversees fees and premium taxes from all insurance companies conducting business in the State of Arkansas. These fees not only fund AID (no monies are received from the state's General Revenue Fund), but the taxes are also used to contribute to the state's Police and Firemen Pension Funds, the state's constitutional offices, and General Revenue. This division handles all purchasing and accounts payable for AID, as well as the development of our budget.

COMPLIANCE

Compliance is responsible for monitoring and regulating rate and form filing activities. All insurance companies transacting business in the State of Arkansas for life, health, property and casualty coverage must submit their forms to this division for approval. The forms are then reviewed to ensure compliance with state law. For most lines of insurance, legally required requests for rate changes become effective after the expiration of the appropriate waiting period after they are filed, or their effective date if subject to prior approval.

AID LEADERSHIP, DIVISIONS, AND PROGRAMS

CONSUMER SERVICES

The Consumer Services Division (CSD) assists insurance consumers with complaints and inquiries regarding insurance companies, producers, and adjusters. CSD investigates all complaints, and works with the insurance company and the consumer to determine the appropriate course of action. CSD travels statewide to provide educational information and materials, and in the event of significant storm damage, travels to damaged areas to assist homeowners with filing claims and procuring emergency living expenses.

CRIMINAL INVESTIGATION

The Criminal Investigation Division (CID) receives hundreds of referrals of suspected fraud each year. CID investigates and prosecutes all categories of insurance fraud. Investigations that result in a finding of a criminal violation are referred to the appropriate prosecuting attorney's office.

FINANCE

The primary goal of the Finance Division is to protect insurance consumers through effective solvency regulation by monitoring the financial condition of all domestic and foreign insurance companies operating in the state; conducting financial and market conduct examinations; reviewing other financial information and reports filed by insurance entities, such as business plans, reinsurance agreements, merger and acquisition documents, company formation documents, market research and feasibility studies; reviews and approves the licensing of insurers, captives, risk retention groups, surplus lines, charitable annuities, continuing care facilities, motor clubs, reinsurance intermediaries, service contract providers, and accredited/trusteed reinsurers; examines prepaid funeral contracts and conducts financial examinations of licensees' trust funds and custodial accounts; and oversees statutory security deposits of insurance companies.

AID LEADERSHIP, DIVISIONS, AND PROGRAMS

HEALTH INSURANCE RATE REVIEW

The Health Insurance Rate Review Division (HIRRD) was created in 2010 for the purpose of protecting consumers and employers from unreasonable health insurance premium rate increases. With funding through the Department of Health and Human Services (HHS), HIRRD has endeavored to create a health insurance education, outreach and training unit to improve the health insurance rate review and reporting process. The development of an Arkansas All-Payer Claims Database (APCD), in collaboration with the Arkansas Center for Health Improvement (ACHI), is a HIRRD project which will ultimately provide medical pricing information to support consumers and other stakeholders when making health-care decisions. Additionally, pursuant to Act 1233 of 2015, AID is charged with implementing further healthcare transparency initiatives. HIRRD will be the division primarily responsible for these efforts.

HUMAN RESOURCES

The Human Resources Division is responsible for the recruiting and hiring process, benefits, compensation and retirement, employee training and development, compliance with employment laws and regulations, and personnel budget preparation and management.

INFORMATION SYSTEMS

The Information Systems Division (IS) keeps AID operating effectively and efficiently in the ever-changing world of technology. This is achieved through the IS strategy of leveraging up-to-date, state of the art software and systems technology to continually increase productivity. The result is minimal growth in the number of AID staff in the face of continued growth in the size of the regulated industry and revenue.

AID LEADERSHIP, DIVISIONS, AND PROGRAMS

LEGAL

The Legal Division represents AID, participating in numerous investigations, market conduct examinations, drafting legislation, rules, bulletins, directives, legal opinions, and investigating consumer complaints. Division attorneys represent the Commissioner and AID staff in lawsuits or other proceedings, administrative hearings and court appeals pertaining to alleged licensee insurance code or rule violations by a licensee, and insurance company acquisitions, mergers, reinsurance agreements and similar transactions. Prior to each Legislative Session, the Division prepares the recommendations of the Commissioner as to amendments or supplementation of laws affecting insurance and as to matters affecting the Department to be addressed in the next Legislative Session.

REGULATORY HEALTH LINK

The Regulatory Health Link Division (RHLD) was established in accordance with the Patient Protection and Affordable Care Act (PPACA) of 2010. RHLD is responsible for recommending for certification and monitoring health insurance plans sold through the Arkansas Health Insurance Marketplace (AHIM).

RISK

The Risk Management Division (Risk) was established to minimize the cost of insurance and surety bonding to Arkansas state agencies, and to analyze and make recommendations on loss control and safety programs in an effort to protect state assets. In 2004, Risk assumed the responsibility of providing insurance coverage, consulting, and loss control services to public schools that choose to participate in the Public School Property and Vehicle Insurance Trust Fund.
